

TRACSCON 2026

NATIONAL CONFERENCE ON TRAUMA & ACUTE CARE SURGERY

Under the aegis of Indian Society for Trauma & Acute Care (ISTAC)[®]

**SAVE
THE
DATE**

**7-9
MAY
2026**

**VENUE:
T.P. Ganesan Auditorium,
SRMIST, Kattankulathur,
Chennai**

**POSTER & PAPER
ABSTRACT SUBMISSION
LAST DATE
APRIL 15,
2026**

**THEME: ADVANCING TRAUMA & ACUTE CARE SURGERY
- FROM EVIDENCE TO EXECUTION**

- **TNMC CME Credit Hours: Applied**
- **Poster & Paper Abstract Submissions**

*Organised by
Department of Traumatology and General Surgery
SRM Medical College Hospital & Research Centre
Kattankulathur, Chennai*

WELCOME MESSAGE

Dear Colleagues,

It gives us immense pleasure to welcome you to TRACSCON 2026, a midterm national conference on Trauma and Acute Care Surgery, hosted by SRM Medical College Hospital & Research Centre in association with the Indian Society for Trauma & Acute Care (ISTAC).

Trauma and acute surgical emergencies continue to pose significant challenges to healthcare systems worldwide. With evolving technologies, emerging evidence, and changing patient demographics, there is a growing need for surgeons and emergency care providers to stay updated with contemporary practices.

TRACSCON 2026 is designed as a three-day academic event, featuring hands-on workshops, high-impact scientific sessions, interactive panel discussions, and debates, focusing on recent advances in trauma care and acute care surgery. The program aims to bridge the gap between evidence-based guidelines and real-world clinical practice.

We invite you to actively participate, share experiences, exchange ideas, and collaborate with colleagues from across the country. We are confident that this conference will be academically enriching and professionally rewarding.

We look forward to welcoming you to Chennai for an engaging and memorable academic experience.

Warm regards,

Organising Committee

TRACSCON 2026

COMMITTEE

PATRONS

Founder Chancellor,
SRMIST
DR T R PAARIVENDHAR

Pro-Chancellor
(Administration), SRMIST
DR RAVI PACHAMUTHU

Pro-Chancellor
(Academics) SRMIST
DR P SATHYANARAYANAN

Pro Vice Chancellor
SRM MCHRC
DR NITIN M NAGARKAR

Dean
SRM MCHRC
PROF DR R JAYANTHI

Additional Registrar (MSL)
SRM MCHRC
DR T MYTHILI

Medical Superintendent
SRM MCHRC
DR R VENKATRAMAN

Chief Operating Officer,
SRM Global Hospital
DR V P CHANDRASEKARAN

Organising Chairman
DR VIJAYAN P

Co-Chairman
DR ATHIRA GOPINATHAN

Organising Secretary
DR ABDUL HAKEEM S

Organising Secretary
DR VISHNU TEJA MUDDU

Organising Secretary
DR RAJA RAJAN K

Treasurer
DR RAMPRAKASH R

SCIENTIFIC HIGHLIGHTS

- ◆ Hands-on Workshops in Trauma & Acute Care Surgery
- ◆ Recent Advances in Trauma, Emergency Surgery & Critical Care
- ◆ POCUS, Radiology in Emergencies
- ◆ Neurotrauma, Thoracoabdominal & Vascular Trauma Sessions
- ◆ Emergency General Surgery & Sepsis Management
- ◆ Panel Discussions, Debates
- ◆ Poster & Paper Presentations

CONFERENCE REGISTRATION FEES

Category	Early Bird Registration (Valid till 28 th Feb 2026)	Late Registration (1 st March - 8 th May 2026)
Postgraduate	₹ 2,000 (INR)	₹ 3,000 (INR)
Faculty/ Delegate	₹ 3,000 (INR)	₹ 4,000 (INR)

WORKSHOP REGISTRATION FEES

(Hands-on, material-intensive workshops - charged separately)

Workshop	Title	Fee (INR)
Workshop A	Vascular Anastomosis	₹ 5,000
Workshop B	Bowel Anastomosis	₹ 4,000
Workshop C	Emergency Trauma Skills	₹ 3,000
Workshop D	POCUS in Trauma & Acute Care Surgery	₹ 2,000

Important Workshop Information

- ◆ Each workshop is limited to 20 participants only
- ◆ Workshops will be conducted in separate time slots
- ◆ Delegates may register for multiple workshops, subject to availability
- ◆ Seats will be allotted on a first-come, first-served basis

TRACSCON 2026

NATIONAL CONFERENCE ON TRAUMA & ACUTE CARE SURGERY

CONFERENCE - DAY 1

08:00 - 09:00 | TRAUMA

- Damage Control Resuscitation: What Actually Saves Lives?
- Damage Control Surgery: Indications, Limits & Pitfalls
- Abdominal Closure After Damage Control Surgery

09:00 - 10:00 | ACUTE CARE SURGERY

- Damage Control in Acute Care Surgery - how Is it different?
- Sepsis Bundles: What the Surgeon Must Know
- Comorbidities that Determine Outcomes in Emergency Surgery

10:00 - 11:00 | INAUGURATION

- Opening Ceremony
- Welcome Address
- Chief Guest Address
- Lighting of the Lamp

11:00 - 11:15 | TEA BREAK

11:15 - 12:15 | TRAUMA Every General Surgeon Must Know

- Head Injury
- Thoracic Injury
- Extremity Injury

12:15 - 13:15 | ACUTE CARE SURGERY - Abdominal Emergencies

- The Difficult Appendix
- Mesh in Contaminated Peritoneum
- Minimal Access Surgery in Perforation Peritonitis

13:15 - 13:45 | LUNCH BREAK

13:45 - 14:45 | NECK & VASCULAR TRAUMA

- Initial Assessment in Vascular Trauma
- Temporary Vascular Shunts
- Neck Trauma
- Interventional Radiology in Vascular & Neck Trauma

14:45 - 15:00 | TEA BREAK

15:00 - 16:00 | ACUTE CARE SURGERY - Complex Scenarios

- Acute Cholecystitis
- Pancreatic Necrosis - Surgical Treatment
- Bleeding GUT Tumors - To Resect or Not
- Obstructing Gut - Is Palliative Stoma Beneficial?

16:00 - 17:00 | SOFT TISSUE INJURY & INFECTIONS

- Necrotising Soft Tissue Infections - Recent Advances
- Traumatic Soft Tissue Injuries - Primary Closure or Not
- Scoring Systems in Necrotizing Soft Tissue Infections
- NPWT & Hyperbaric Therapy

TRACSCON 2026

NATIONAL CONFERENCE ON TRAUMA & ACUTE CARE SURGERY

CONFERENCE - DAY 2

08:00 - 09:00 | ACUTE CARE SURGERY- Peri-operative Optimization

- Enhanced Recovery After Emergency Surgery (ERAES)
- Pain Management After Emergency Surgery
- Peri-operative Nutrition in Surgical Emergencies

09:00 - 10:00 | TRAUMA - Solid Organ Injury

- AAST Grading Systems – Should We Still Follow It?
- Grades That Actually Matter
- High-Grade Liver Injuries – Operative Tips

10:00 - 11:00 | TRAUMA - Imaging

- CT Protocols in Trauma
- Contrast Use in Torso CT
- POCUS Beyond FAST
- Radiological Primary Survey for Surgeons

11:00 - 11:15 | TEA BREAK

11:15 - 12:15 | INTERACTIVE - Debates & Evidence

- SSRF vs Conservative Management
- Top 5 Practice-Changing Trauma Papers
- Top 5 Practice-Changing Acute Care Surgery Papers

12:15 - 13:15 | SYSTEMS & CAREERS

- Inclusive vs Exclusive Trauma Systems
- Trauma & Acute Care Surgery as a Specialty
- Trauma & Acute Care Surgery as a Career Path

13:15 - 13:45 | LUNCH BREAK

13:45 - 14:45 | ACUTE CARE SURGERY- Videos

- Difficult Appendix
- Volvulus
- Diaphragmatic Emergencies
- Gall Bladder

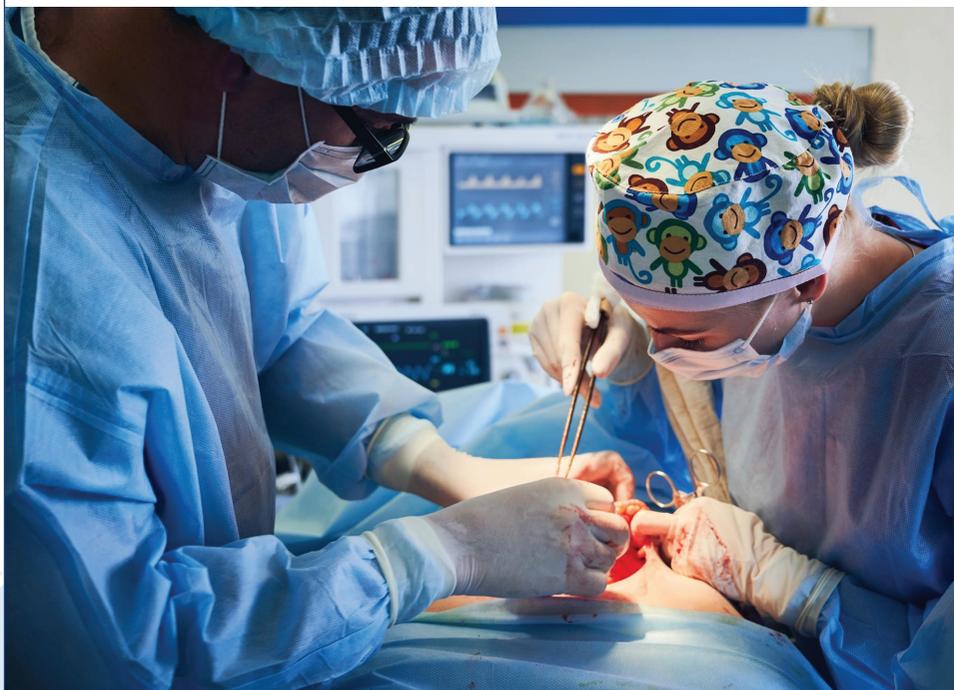

14:45 - 15:00 | TEA BREAK

15:00 - 16:00 | EMERGENCY DEPARTMENT

- Trauma Room Decision-Making
- Who leads the ER in TRACS - EP or Surgeon?
- Massive Transfusion Protocol

16:00 - 17:00 | MISCELLANEOUS

- Perineal Injuries
- Amputation - When & How to Decide
- Bizarre Cases in Trauma & Acute Care
- Community First Responder Programs
